Fueling the Future of Digital Finance

FUELING THE FUTURE OF DIGITAL FINANCE

SECURE. COMPLIANT. FORWARD-THINKING.

Blockkoin (Pty) Ltd is a licensed financial services provider that offers secure and user-friendly access to cryptocurrency trading and digital asset management. We empower both individuals and businesses to buy, sell, and manage digital assets within a transparent and trusted environment.

OUR VISION & MISSION

Our platform combines strong regulatory foundations with innovative tools to serve both entry-level traders and experienced investors. From seamless onboarding and competitive pricing to expert trade desk support and rapid settlement, we are committed to reshaping the digital financial experience.

OUR CORE SOLUTIONS

BLOCKKOID TRADE DESK

Private, Secure, and Efficient

The Blockkoin Trade Desk is designed for high-volume clients who require discretion, speed, and precision. With the ability to execute large orders without slippage. Blockkoin's OTC desk provides:

- Rate-locking mechanisms to ensure stability in volatile markets
- Settlement in under an hour, supported by Fireblocks' institutional-grade security.
- Real-time execution across South Africa, the UK, Europe, and beyond
- Dedicated specialists offering tailored pricing, client onboarding support, and reporting.

We maintain relationships with global liquidity providers, ensuring deep liquidity, competitive spreads, and responsive pricing.

BLOCKKOID EXCHANGE

A Fully Compliant Spot & Derivatives Platform

The Blockkoin Exchange provides seamless crypto trading with access to a wide range of digital assets. It is fully integrated with local and international markets, offering:

- Spot trading with high throughput and minimal latency.
- Flexible coin listings and responsive market-making.
- Derivatives including futures and options for advanced strategies.
- Deep liquidity pools supported by proprietary infrastructure and partner APIs.

The exchange prioritizes compliance, cybersecurity, and flexibility, positioning Blockkoin as a powerful alternative to larger global exchanges while retaining local regulatory oversight.

OUR CORE SOLUTIONS

QUANTUM WEALTH

Smarter Growth Through Digital Asset Strategy

Quantum Wealth is a structured, non-discretionary platform offering clients access to high-frequency digital asset insights, model strategies, and stablecoin-based yield options.

- Technology-driven insights via algorithmic tools and research
- Model portfolios that align with macro and FX trends
- Reporting and visibility to give clients full control of their holdings
- Stablecoin-centric positioning for reduced volatility exposure

We offer this product under strict FSCA awareness guidelines, with client funds held in segregated accounts and without discretionary asset management.

BLOCKKOID PAY

Modern Payment Infrastructure for Digital Commerce

Blockkoin Pay enables businesses to invoice and accept payments in fiat and stablecoins without the delays and fees of traditional banking.

- Invoicing and instant settlement in crypto or fiat
- Built-in compliance and tax alignment
- Reduces fraud and chargeback risk
- Empowers cross-border commerce

Accessible via a streamlined dashboard, Blockkoin Pay bridges the gap between blockchain innovation and day-to-day commerce.
