About us

Innovative and Secure Digital Asset Trading

Blockkoin is a cutting-edge platform that provides secure and user-friendly access to cryptocurrency trading and digital asset management. Our mission is to empower individuals and businesses by providing a seamless experience to buy, sell, and manage digital assets in a trusted environment. With a focus on innovation and security, Blockkoin offers a variety of solutions to meet the needs of both beginners and seasoned traders.

We are committed to offering a platform that is not only secure but also simple to use, enabling our users to take advantage of the opportunities the digital economy offers. At Blockkoin, we prioritize transparency, customer support, and cutting-edge technology to help you manage and grow your investments effortlessly.

Blockkoin (Pty) Ltd is a licensed financial services provider. (FSP #36012). Investing in Crypto assets may result in the loss of capital.

The Future of Finance

Blockkoin's Innovative Solutions

Blockkoin leads the digital finance revolution, offering services that redefine global transactions. Regulated by the FSCA, Blockkoin ensures speed, compliance, and cost-efficiency.

Our platform includes the Blockkoin Exchange for secure trading, OTC trading, and Quantum Wealth, a high-frequency digital asset growth platform. We also offer Digital Pay for invoicing with fiat and stable coins, blockchain real estate transactions, and Every where Banking. Our Arbitrage platform enables users to secure a European IBAN, wire funds into Blockkoin, and complete arbitrage trades swiftly.

We believe financial freedom should be accessible to all. With seamless integration into global systems, Blockkoin empowers you to drive the future of finance.

Trading Desk

Private, Secure, and Efficient

Blockkoin's Trade Desk trading service offers high-volume clients a secure and efficient way to execute large trades. With competitive rate-locking, 30-minute fund transfers, and settlements within an hour, clients can manage their assets in real-time across South Africa, the UK, Europe, and more.

Powered by API integration and Fireblocks security, Blockkoin ensures seamless, protected transactions while minimizing market impact. Tailored to each client, the service offers personalized support and bespoke trading solutions.

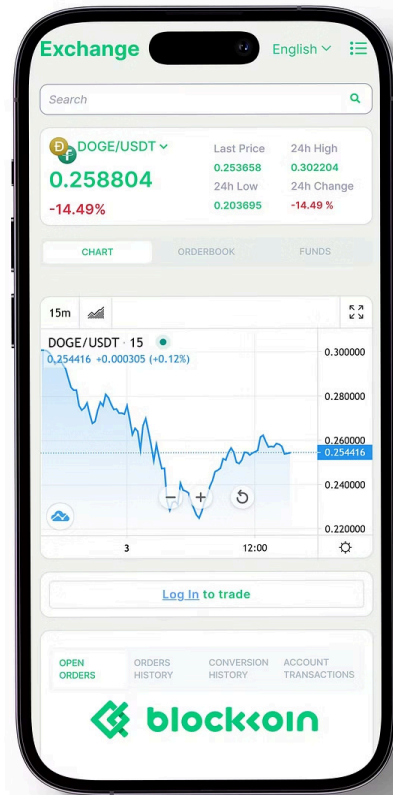

Blockkoin's Trade Desk service also provides comprehensive post-trade reporting for full transparency. Our team of Trade Desk specialists are always available to guide clients through complex trades, ensuring fast, reliable execution in the global market.

Blockkoin Exchange

Secure, Fast, and Flexible

Blockkoin Exchange is a dynamic, cutting-edge trading platform designed for seamless cryptocurrency transactions. Whether you're looking to buy, sell, or trade digital assets, our exchange offers access to a wide range of cryptocurrencies, with the flexibility to list any coin. Fully integrated with major industry players, Blockkoin provides a secure and efficient trading environment with deep liquidity, competitive fees, and advanced market tools. Beyond spot trading, we also offer derivatives, enabling users to leverage market opportunities with futures and options. With a commitment to innovation and user-centric solutions, Blockkoin Exchange is your gateway to the evolving digital asset landscape.

Crypto Pay

The Future of Merchant Transactions Today

Digital Pay is Blockkoin's global payment solution, allowing merchants to invoice and receive payments in fiat or stablecoins. Through the Digital Pay Dashboard on Blockkoin Exchange, businesses can manage invoices, set rates, and customize payment options with instant currency conversion.

With lower fees, faster settlement, and reduced chargeback risks, Digital Pay simplifies global fiat and cryptocurrency payments. Its compliance with legal and tax requirements ensures a secure and user-friendly experience.

Supporting a variety of cryptocurrencies, stablecoins, and fiat, Digital Pay offers flexibility for merchants and customers alike. Enhanced security features protect transactions, while the intuitive dashboard lets businesses manage all payments from one place, staying ahead of the digital payment revolution.

Everywhere Banking

Instant Global Fiat Access

Blockkoin offers a powerful all-in-one financial platform that lets you send, receive, deposit, and withdraw both fiat and digital currencies — instantly, securely, and without borders. Whether you're an individual or a business, you can transact globally in ZAR, USD, GBP, BTC, USDT, and more, all from your own segregated, FSCA-compliant Blockkoin account.

With integrated SEPA, SWIFT, and IBAN functionality, Blockkoin eliminates the delays and high costs of third-party payments. Our users can move funds in their own name — no middlemen, no restrictions. Personal KYC is approved in under 5 minutes, while corporate accounts are verified in less than 24 hours with the right documents.

From paying suppliers in Hong Kong to sending money from Malawi to the UK, Blockkoin makes global finance as simple as a few clicks. Convert between fiat and digital assets instantly, send across borders, and withdraw in the local currency of your choice — all fully compliant and audit-friendly.

This isn't just a wallet. It's your global bank alternative.

Real Estate Transactions

Simplified and Secure Worldwide

Blockkoin simplifies global property deals through blockchain, allowing you to invest or sell seamlessly, whether using fiat or cryptocurrency. With full Reserve Bank compliance and legal oversight, Blockkoin ensures secure, transparent transactions.

Partnering with top real estate agencies, Blockkoin accelerates property purchases, completing fully compliant deals in hours instead of months. Funds are transferred directly and securely to conveyance attorneys, reducing costs and delays.

Smart contracts automate agreements, providing real-time tracking and reducing errors or disputes. Blockkoin's integration with local and global banking systems enables efficient cross-border transactions, opening up new real estate opportunities. Experience secure, streamlined property deals with Blockkoin's innovative platform.
